**FISHERY ANNOUNCEMENT
PRINCE WILLIAM SOUND AREA-E CLOSES TO RETENTION OF BIG SKATE
EMERGENCY ORDER # 2-GF-E-06-13**

The retention of big skate (*Raja binoculata*) as bycatch in all Prince William Sound (PWS) Area directed groundfish and halibut fisheries will be prohibited **effective 12:00 noon May 9, 2013.**

The National Marine Fisheries Service (NMFS) announced that retention of big skate in the federal Central Gulf of Alaska area (CGOA) is prohibited effective 12:00 noon May 8, 2013. There is no directed fishery for big skate and all harvest occurs as bycatch during directed groundfish and halibut fisheries. PWS waters are adjacent to CGOA waters and in order to provide consistency with federal regulations, avoid overharvest of big skate, and allow time to notify the fleet, big skate will close to retention in all PWS Area directed groundfish and halibut fisheries effective 12:00 noon May 9, 2013 for the remainder of the calendar year.
